“MAKING THE GOSPEL—THE GOOD NEWS OF THE COMING OF THE KINGDOM—ACCESSIBLE TO ALL, IN WORD AND DEED.”

Jesus Christ beautifully models for us how to relate to people with special needs: with dignity, grace, truth, genuine hospitality, mercy, justice and faithfulness. When we learn to see people with disabilities through Jesus' eyes, we end up seeing all people—including ourselves—more accurately as a result. Focusing on both our shared value as God's image bearers and our common need for grace motivates us to make the Gospel more accessible to people with special needs. Whether this happens through community outreach, church inclusion, mercy ministry, or adapted discipleship—in God's kindness—the Gospel ends up becoming more deeply meaningful and accessible to those of us with less-noticeable-disabilities as well. All of us need the good news of the coming of the Kingdom. All of us need to experience the Gospel every day in word and deed. And that is, at the core, what MNA Special Needs Ministries is all about: Equipping and encouraging PCA churches to make the Gospel accessible to all, in word and deed.

HOW WILL THE 2010 WOMEN IN THE CHURCH (WIC) LOVE GIFT HELP?
